

TABLET U11I CI5-1230U 11/8/256GB U1H1P22A AXX DURABOOK

Model: U1H1P22A_AXX

Manufacturer: DURABOOK

Product Code: 551174

R50,475

Choosing between mutually exclusive I/O interfaces and devices is a thing of the past. The U11I rugged tablet has it all. It packs an unprecedented number of productivity features within its extremely compact and rugged exterior, including a detachable keyboard and generous space for further feature expansion.

Powered by Intel® 12th generation processors, the Durabook U11I sports a Coolfinity™ fanless and yet versatile expansion design for ultimate functionality. Drop-tested from 6 feet, MIL-STD-810H and MIL-STD-461G certified, optional ANSI C1D2 certified and with an IP66 rating, the U11I is the most reliable 11" tablet for the modern professionals.

SUPERB PERFORMANCE BUILT IN

Running on Intel® 12th Generation CPUs and featuring a unique Coolfinity™ fanless thermal design,

the U11I provides the perfect blend of functionality, performance and reliability. Plus, advanced wired and wireless transmission capabilities of Thunderbolt 4, 5G, 4G LTE, Intel® WI-FI 6E and Bluetooth® V5.3 means smooth, congestion-free data processing at all times. For field operatives everywhere, the next generation of rugged mobile solutions has arrived.

QUICK-RELEASE SSD

The U11I features an SSD that's quick and easy to remove – without having to open any covers – saving you time and effort. Moreover, the tablet is equipped with the latest NVMe PCIe SSD solution and storage capacity up to 2TB, making it the ideal device for those operating in specific industries where security and efficiency are paramount.

EXCEPTIONAL VIEWING EXPERIENCE

The U11I sports an 11.6" FHD (1920 x 1080) LCD display featuring Durabook's proprietary DynaVue® sunlight readable technology for exceptional viewing of detail even in direct sunlight. DynaVue® also features 1,000-nit brightness for enhanced viewing clarity. The U11I boasts four advanced touch modes; Glove, Stylus, Water, Finger, with optional digitizer, optimizing use for both indoor and outdoor applications.

LONG-LIFE, HOT-SWAP BATTERY

The U11I is compact yet delivers power and functionality without sacrifice. Equipped with its high-capacity battery you can take advantage of non-stop operation up to 20 hours with a single battery, making the U11I a perfect device for those working outside a traditional office. Its hot-swappable battery enables workers in the field to operate without interruption when charging isn't possible.

ROCK-SOLID AND QUIET

Designed specifically for work in extreme environments, the U11I is certified rugged, meeting MIL-STD-810H, able to withstand a 6-foot drop, and tested to an IP66 rating. With its rock-solid design, the U11I is built for endurance, certified with MIL-STD-461G and ANSI/UL C1D2 suitable for use in specified hazardous industries with potentially explosive atmospheres. What's more, the Coolfinity fanless design with 0 dBA means the U11I operates dependably and quietly.

ENDLESS EXPANSION OPTIONS

U11I can easily be expanded to add functionality or another layer of security via RFID reader, ExpressCard 54, or PCMCIA Type II. The U11I comes optional with an embedded smart card reader and is the only rugged tablet available today with the option of adding a second smart card reader via an expansion module, which is useful for remote workers or those collecting and transferring sensitive data and information.

ONE DEVICE, TWO FORM FACTORS

When flexibility is a key aspect in your work environment, the U11I innovative detachable membrane backlit keyboard is the accessory that can keep pace with your changing working conditions. Whether you need a laptop with full keyboard and complete connectivity, or a tablet for increased mobility, the U11I 2-in-1 solution provides the versatility and functionality you need.

Summary: Durabook U11I G3. Display diagonal: 29.5 cm (11.6"), Display resolution: 1920 x 1080 pixels. Internal storage capacity: 256 GB. Processor frequency: 3.3 GHz, Processor family: Intel® Core™ i5, Processor model: i5-1230U. Internal memory: 8 GB. Front camera resolution (numeric): 2 MP, Front camera. Top Wi-Fi standard: Wi-Fi 6E (802.11ax). Card reader integrated. Weight: 1.39 kg. Operating system installed: Windows 11 Pro.
