ADATA HD680 external hard drive 2 TB USB 3.2 Gen 1 (3.1 Gen 1) Blue

Model: AHD680-2TU31-CBL

Manufacturer: ADATA

EAN: 4713218469151

Product Code: 551710

R3,545

When bringing your data on the road, you'll want to make sure it's well defended from knocks, drops, and prying eyes. Sporting a robust layered construction, shock sensors, and AES 256-bit encryption, the ADATA HD680 has you covered!

Military-Grade Protection

The HD680 meets the U.S. Military MIL-STD-810G 516.6 standard. It achieves this with a triple-layer construction that consists of a shock-absorbing silicone casing, sturdy buffer, and a cushioned mounting for the hard drive. This results in an external HDD that can survive falls from up to 1.22 meters.

Plenty of Storage Space

In an age of 4K video and other high-resolution content, GBs just don’t cut it anymore. Luckily, the HD680 comes with up to 2TB of storage capacity.

Three Colors to Choose from

The HD680 comes in your choice of black, blue, and yellow, to match your personality and other devices.

Convenient Cable Management

The drive has a nifty groove that goes around its shell, serving as a convenient way to store the detachable USB cable. When not in use, simply disconnect the cable, and wrap it around the HD680.

Shock Sensors

Dropping or bumping an HDD can result in errors and bad sectors. The HD680 features shock sensors that notify you when impact or shaking has been detected with a red indicator light.

Your Data is Secure with AES Encryption

AES 256-bit encryption keeps the data inside password-protected and away from prying eyes.
