G.Skill Flare X5 F5-6000J3038F16GH2-FX5

IMPORTANT: NOT COMPATIBLE with platforms or systems using Intel® Core™ Ultra 100/200 processors or Intel 800 series chipsets.

Designed for DDR5-enabled AMD AM5 platforms, Flare X5 series DDR5 memory is built for high performance in a low-profile design. Featuring AMD EXPO overclocking profiles for easy memory overclocking, users can easily enable overclocked performance by simply enabling EXPO in the BIOS on compatible systems.

Designed for AMD, Engineered for Performance

Created from high-quality hand-screened DDR5 DRAM ICs, Flare X5 memory kits are designed for

performance on AMD platforms. Featuring AMD EXPO (EXTended Profiles for Overclocking) profiles, Flare X5 allows simple one-step memory overclocking through BIOS on supported motherboards.

Matte Minimalism

Available in matte black or matte white, the Flare X5 memory module features a minimalistic design inspired by classic racing stripes and grills, and is ideal for a variety of build themes with its simple design.

Created for Quality

Each Flare X5 memory kit is created with hand-screened ICs and tested under G.SKILL's rigorous validation process to ensure outstanding quality.

Compact Low-Profile Design

Featuring a low-profile height of just 33mm, the Flare X5 is an ideal choice for compact PC builds or systems with large CPU coolers.

AMD EXPO Support

Just set and go. Programmed with AMD EXPO overclocking profile, the only thing that stands between you and overclocked performance is a simple BIOS setting.

Limited Lifetime Warranty

This G.SKILL memory product comes with a limited lifetime warranty and the G.SKILL technical team is always ready to provide consumers with complete technical support via online forum, telephone, and email.

Summary: G.Skill Flare X5 F5-6000J3038F16GH2-FX5. Component for: PC, Internal memory: 32 GB, Memory layout (modules x size): 2 x 16 GB, Internal memory type: DDR5, Memory form factor: 288-pin DIMM, CAS latency: 30 | Vendor Homepage:

<https://www.gskill.com/product/165/396/1765260340/F5-6000J3038F16GH2-FX5> | Internal memory type: DDR5 | Internal memory: 32 | Buffered memory type: Unregistered (unbuffered) | CAS latency: 30 | Memory voltage: 1.1/1.35 | Memory form factor: 288-pin DIMM | Memory data transfer rate: 6000 | Component for: PC | Memory layout (modules x size): 2 x 16 | ECC: No | Memory channels: Dual-channel | Intel Extreme Memory Profile (XMP): Yes | Intel Extreme Memory Profile (XMP) version: 3.0 | AMD Extended Profiles for Overclocking (EXPO): Yes | SPD profile: Yes | Cooling type:
