R1,884

Enjoy the magic of light with a wireless keyboard powered by solar and artificial light that's always ready, rain or shine. Innovative Logi LightCharge energy management makes Signature Slim Solar+ so easy to keep charged, it's like magic.

Powered by light. Any light.

Sometimes we all need a ray of light to inspire us. Signature Slim Solar+ is powered by solar and artificial light sources for zero-hassle wireless typing and instant productivity. Effortless. Magic. Watch your home workspace enjoy its very own glow-up.

The future's bright with Logi LightCharge

An innovative energy technology which combines a light-absorbent strip and a durable battery with

up to 10 years lifespan, working together to turn solar and artificial light into stored power that's stored for up to four months.

Better for longer

Designed to last 10 million keystrokes and enjoy uninterrupted typing: Signature Slim Solar+ is made with recycled plastic and the aluminum in its inner plate is made with renewable energy rather than fossil fuels.

Make clutter vanish

An extension of your clean, clutter-free workspace that supports up to three devices and lets you switch easily between them with Easy Switch; a truly wireless work set up.

You've got Options+

Blend work and life to do more than you ever dreamed of using your Signature Slim Solar+ wireless keyboard with the Logi Options+ App.

Save time like magic

Tackle your work and life tasks with Smart Actions in the Logi Options+ App. Open all your work apps or switch to social media apps while taking a quick break - automate repetitive tasks with one keystroke and own your day.

Make it work for you

Choose what the Keys do for you—assign shortcuts to open a browser window or launch streaming music and much more. Personalize your Keys effortlessly to suit your specific needs in the Logi Options+ App.

AI right at your fingertips

Need another brain to help out with your current task? Access your favourite AI tool instantly with the AI launch key. Out of the box, it opens your operating system's default AI application, but can be customized to launch any app you choose.

Pair it with a Logitech multi-device mouse

For effortless typing and clicking across computers. Use one mouse and keyboard across more than
