R2,365

Logitech MX Keys Advanced Wireless Illuminated Keyboard for Business

MX Keys for Business boosts productivity with Perfect Stroke precision typing with remarkable comfort and stability. Increased key stability reduces distracting keystroke noise. Smart backlighting and multi-device and multi-OS capabilities are advanced features designed for advanced workflow. Plus virtually no downtime because MX Keys for Business can be used while recharging its long-lasting power.

COMFORT AND STABILITY

Crafted for comfort, stability, and precision with a body made of a single metal plate—a remarkably solid build. A balanced design with quality materials inspires confidence and focus at the desk.

REDUCED NOISE WITH PERFECT STROKE KEYS

Increased key stability reduces noise while optimizing responsiveness. Spherically-dished keys match fingertips' shape while the matte surface allows fingers to glide for efficient, comfortable work. Plus tactile reference for hand positioning makes it easy to orient fingers and stay in the flow.

SMART ILLUMINATION

MX Keys for Business senses its surrounding ambient light automatically adjusting the keys' backlighting brightness. The backlighting turns on as hands approach it, then off when not in use.

HIGH PERFORMANCE, SECURE WIRELESS

Featuring Logi Bolt wireless connectivity, engineered to conquer IT challenges that can emerge whether users occupy the office or work remotely: cross platform compatibility, strong and reliable wireless connections up to 10 meters even in congested wireless environments, and fully encrypted and FIPS secure.

A NEW STANDARD FOR COMPATIBILITY

Two connection options, Bluetooth and Logi Bolt USB receiver which was engineered for high-performance, secure connections. That makes MX Keys for Business compatible with just about every operating system and platform including—but not limited to—Windows®, macOS®, Linux®, ChromeOS™, iPadOS®, iOS® and Android™. More universally compatible than most leading peripherals brands on the market.

LONG-LASTING POWER. ZERO DOWNTIME.

Works for up to 10 days on a full charge—or up to 5 months with backlighting turned off. Users can work while it charges with zero downtime.

MULTI-DEVICE

Multi-computer users can seamlessly switch between systems with the touch of an Easy-Switch™ button. Connect then switch between up to three Windows®, macOS®, Linux®, ChromeOS™, iPadOS®, iOS® or Android™ computers.

MORE SHORT-CUTS

Meet keyboard functions that enable people to save time, be more productive in video meetings -
