Model: ST2D6AQSJ3MI

Manufacturer: GETAC

Product Code: 552514

R66,009 ~~R78,462~~

With its ergonomic Rugged design, the S410 delivers the optimal balance between Size, Weight, and Power (SWaP), crucial for personal carry mobile computing in harsh terrain. Proven to be reliable, lightweight, and powerful, this robust notebook offers excellent processing and battery performance using the 13th generation Intel® Core™ CPU and hot-swappable batteries.

REDEFINING RUGGEDNESS WITH SUSTAINABILITY

The S410 embodies Getac's commitment to environmental responsibility. Post-consumer recycled (PCR) materials comprise more than 24% of its chassis, offering reduced energy consumption, carbon emissions, and e-waste in its supply chain compared to non-recycled versions of the same materials. But the S410's ruggedness and built quality remain uncompromised. It's still MIL-STD-810H and IP53 certified. A three-foot drop won't interrupt operation. And it delivers all the other

features our S410 customers have come to expect while helping them meet their own sustainability commitments.

NEXT-GENERATION COMPUTING

Transforming organizations need the mobile computing power to handle any application, today and tomorrow, whether it's cloud AI, digital twins, drone navigation, or agile operations. But with its 13th generation Intel® Core™ CPU, Intel® Iris Xe graphics, and DDR5 RAM memory, the S410 can handle multiple data-intensive computational tasks simultaneously, while its user-removable PCIe NVMe Solid-State-Drives (SSD) load, save, and transfer enterprise-scale data at very high speeds.

SMART MOBILITY

The S410 is a mobile-first solution. Its Wi-Fi 6E, optional 4G-LTE, and optional 5G Sub-6 capabilities are ready for cloud, edge, and live streaming scenarios wherever needed. Its 5M webcam provides a clear and detailed picture during a video chat and remote guidance. Its brilliant 14" screen (up to 1,000 nits) ensures daylight viewability outdoors or when mounted in vehicles. Bluetooth 5.3 enables smooth IoT connectivity in dense deployments. And an optional third battery keeps the S410 going well into overtime.

CONFIGURABLE & SECURE

The S410 enables enhanced data security and configurability for industries such as Military, Public Safety, Manufacturing, Utilities and more. Multi-factor authentication (MFA) is supported via a capacitive fingerprint reader, Windows Hello facial recognition, smart card reader, and HF RFID reader, with TPM 2.0 and user-removable data storage further enhancing security. Getac Secure Erase securely erases SSD data to meet industry standards, safeguarding it from unauthorized recovery. Configuration options include a laser barcode reader, a DVD/Blu-ray super multi drive, a second storage drive, or a third battery, with even more options available.

VEHICLE READY

The S410 supports in-vehicle applications through third-party vehicle dock vendors, presenting users with a sturdy solution that includes flexible port options and RF passthrough for real-time access to databases via the vehicle's antenna.

RETURN TO BASE WARRANTY

Nothing says quality like a manufacturer standing behind their product. We've designed the S410 rugged notebook from the inside out to survive drops, shocks, spills, vibration and more. We're confident in our quality and that's why the rugged S410 comes standard with a three-year warranty. It's the peace-of-mind protection of knowing you're covered.

Summary: Getac S410 G5. Product type: Laptop, Form factor: Clamshell. Processor family: Intel® Core™ i5, Processor model: i5-1340P. Display diagonal: 35.6 cm (14"), HD type: Full HD, Display resolution: 1920 x 1080 pixels. Internal memory: 16 GB, Internal memory type: DDR5-SDRAM. Total storage capacity: 256 GB, Storage media: SSD. On-board graphics card model: Intel Iris Xe Graphics. Operating system installed: Windows 11 Pro. Product colour: Black. Weight: 2.38 kg | Vendor Homepage: <https://www.getac.com/us/products/laptops/s410> | Gaminio tipas: Nešiojamas kompiuteris | Produkto spalva: Juoda | Forma: Knyga | Tvirta konstrukcija: Taip | Ekrano įstrižainė: 14 | Ekrano rezoliucija: 1920 x 1080 | Skydo tipas: LCD | HD tipas: „Full HD“ | Ekrano ryškumas: 1000 | Procesoriaus gamintojas: Intel | Procesoriaus šeima: Intel® Core™ i5 | Procesoriaus karta: 13 kartos „Intel® Core™ i5“ | Procesoriaus modelis: i5-1340P | Procesoriaus branduoliai: 12 | Temų skaičius: 16 | Dideli branduoliai: 4 | Maži branduoliai: 8 | Našumo branduolio didžiausias padidintas dažnis: 4.6 | Efektyvumo branduolio didžiausias padidintas dažnis: 3.4 | Procesoriaus podėlis: 12 | Procesoriaus podėlio tipas: „Smart Cache“ | Didžiausias galingumas paspartintu režimu: 64 | Procesoriaus bazinė galia: 28 | Vidinė atmintis: 16 | Vidinės atminties tipas: DDR5-SDRAM | Maksimali vidinė atmintis: 64 | Iš viso talpa: 256 | Laikmena: SSD | SSD įdiegtų skaičius: 1 | SSD disko talpa: 256 | NVMe: Taip | SSD Drive sąajos: PCI Express | Diskretusis grafikos adapteris: Ne | Diskrečiojo grafikos adapterio modelis: Nepasiekama | Integruotas grafikos adapteris: Taip | Įtaisyto grafinio procesoriaus gamintojas: Intel | „On-board“ grafikos adapteris: Intel Iris Xe Graphics | Integruoto grafikos adapterio modelis: Intel Iris Xe Graphics | Įmontuotų garsakalbių skaičius: 2 | Įmontuotas mikrofonas: Taip | Priekinė kamera: Ne | „Wi-Fi“ standartas: Wi-Fi 6E (802.11ax) | Wi-Fi standartai: Wi-Fi 6E (802.11ax) | WLAN valdiklio modelis: Intel Wi-Fi 6E AX211 | WLAN valdiklių gamintojas: Intel | Ethernet LAN jungtis: Taip | Eterneto LAN duomenų perdavimo norma: 10/100/1000 | Bluetooth: Taip | Bluetooth versija: 5.3 | USB 3.2 (3.1 1 kart.)
