TABLET ZX10G2 QCS6490 10/8/256GB Z8A1LXW25812 GETAC

Model: Z8A1LXW25812

Manufacturer: GETAC

Product Code: 552570

R51,673 ~~R60,874~~

The ZX10 stands as the lightest* 10" fully-rugged Android tablet on the market, engineered to withstand harsh environments. Enhanced with AI capabilities, it ensures exceptional power efficiency while offering intuitive operation within a sleek, versatile design.

RUGGED ANDROID VERSATILITY

The Getac ZX10 is an AI-ready fully-rugged tablet to feature the Android 15 operating system, a highly-capable workday solution that combines the intuitive operation, power efficiency, and world of apps you expect with Android with a slim versatile profile well-suited to video conferencing, remote guidance, information capture, and online paperwork.

FULL-SHIFT RELIABILITY

The ZX10 offers all-day performance with its standard full-shift battery life and optional higher-

capacity batteries, allowing for seamless operations with dual hot-swappable batteries. Powered by the Qualcomm QCS6490 processor and featuring an integrated NPU, it efficiently handles AI applications, making it ideal for demanding tasks while minimizing power consumption.

HEAR IT ALL, LOUD AND CLEAR

The ZX10 delivers Industry-leading acoustic performance, reaching an impressive 90 dBA*. This helps deliver clear, robust audio in various environments, especially in noisy settings. Whether you're working in utilities, field service, energy, transportation and logistics from forklifts to warehouses, or public safety from frontline response to ambulance services, alert, message, and call cuts through the noise with loud volume, helping keep operations seamless and uninterrupted.

* Test Conditions: Distance: 30cm; Volume: Max; Sound source: Pink noise.

BUILT FOR SEAMLESS COMMUNICATIONS

ZX10’s dual SIM capabilities (one physical SIM + one eSIM) enable easy switching between different carrier networks, with optional 4G LTE or 5G Sub-6 with 4X4 MIMO delivering ultra-broadband cellular (WWAN) data transfer. ZX10 also supports local private networks such as the CBRS band in the US. Wi-Fi 6E and Bluetooth 5.2 round out its short-range wireless capabilities, with optional dedicated GPS (L1/L5) available for precise geolocation even in remote locations.

SUPERB INTERACTIVE EXPERIENCE

The Getac 10” ZX10 enables superb video chat and remote guidance. The 8MP front and 16MP rear camera deliver excellent photos and video capture. Dual integrated microphones expertly filter out disruptive background noises like sirens and power tools. Meanwhile, the dual front speakers boost output volume, ensuring an outstanding interactive experience. Wi-Fi 6E and dual SIM design help keep you connected.

CONVENIENT VERSATILITY

ZX10 helps you do more in the field in less time. A touchscreen powered by Getac’s proprietary LumiBond technology offers a sunlight-readable experience with superior color, contrast, and clarity. Read and sign documents in the cold, the rain, or under bright sunlight, via stylus, gloved finger, or bare finger. Capture data, identify objects, and track assets via the optional NFC and optional integrated industrial-grade barcode reader. For precise handwritten notes, consider using the

optional digitizer pen. Attach the optional keyboard when you need a laptop. And with its optional hard handle with multi-notch orientation, a variety of strap and harness accessories, and a chassis under one-inch thick, it fits right in.

ENTERPRISE-GRADE MANAGEMENT

With ZX10, IT administrators can save time through batch configuration of device and system settings across your deployment, including those for battery-charging, display, navigation, scanning, the quick settings panel, date and time, app update, and its four programmable buttons, via OEMConfig or Getac's optional proprietary Getac Management software.

BUILT-TO-SURVIVE

Getac manufactures rugged tablets down to the chassis. The ZX10 was engineered to survive drops, shocks, rain, vibration, dust, liquid and more. IP66-certified, the ZX10 can be operated safely in the presence rain or high-pressure water jets. It is certified to a MIL-STD 810H, 6-ft drop rating, and can operate in extreme temperatures from -29°C to 63°C (-20°F to 145°F).

ANDROID ENTERPRISE RECOMMENDED WITH SOFTWARE UPGRADE SUPPORT

ZX10 is powered by the Android 15 operating system and is verified by Google as an Android Enterprise Recommended Rugged Device. Android 15 offers a diverse feature set, including application-level language settings, granular control over what information apps can access, and built-in safeguards to protect critical data. ZX10 will also support at least five years of security updates, with at least 3 Android Operating System versions over its lifecycle and various feature enhancements.

- AI-Ready
- 4G LTE / 5G Sub-6 4X4 MIMO
- Dedicated GPS (L1/L5)
- Front and Rear Cameras
- Full-Shift Battery Life
- Volume Boost Tuning
- Operational between -29 °C to +63 °C (-20°F to 145°F)

Summary: Getac ZX10 G2. Display diagonal: 25.6 cm (10.1"), Display resolution: 1920 x 1200 pixels. Internal storage capacity: 256 GB. Processor frequency: 1.9 GHz, Processor family: Qualcomm
