NEON 360 GAMING HEADSET

The Neon 360 headset guarantees unparalleled experience in the world of the best sound. Its large transducers, perfect sound and durable, comfortable design make it an ideal selection for both gaming and listening to music.

HEAR THE POWER

The larger the speaker, the more astonishing the sound. The Neon 360 headset is equipped with large 50mm transducers. This is why they are able to emit sound that bedazzles both gaming fans and music aficionados with its quality.

EMOTIONS YOU WON'T FORGET

The quality of the Neon 360 headset is based largely on the popular and tested stereo sound system. Its implementation lets the device achieve unbelievable effects and players will surely feel as if they are transported into the virtual battlefield. Prepare for experiences to remember!

FOR GAMING FANATICS

The Neon 360 combines comfort of use with a durable design. The former is achievable through e.g. large, soft earpads. A metal headband, on the other hand, is responsible for the set's durability. Additionally, the headset is equipped with an expanded flexibility braided cable, resistant to tearing. The Neon 360 headphones are ready for long, intense gaming sessions in every respect.

FULL IMMERSION

Unbelievable sound is one thing, but the Neon 360 is also equipped with additional features, designed with gamers in mind. Among them you will find the option to turn on vibrations, which will immerse the gamers even further in the virtual world. Additionally, the set is equipped with red LED lighting that perfectly complements its gaming design.
