Empower your SMB with the Acer TravelMate X4 14 AI Copilot+ PC, an AI business laptop equipped with the latest Intel® Core™ Ultra Processors (Series 2) that deliver up to a 47 TOPS1 NPU performance and a 115 TOPS1 overall performance. Experience lightweight portability, robust security, and AI-driven features for enhanced productivity and seamless hybrid work.

Lightweight & Portable Design

At approximately 1.27kg light and 15.9mm thin, the Acer TravelMate X4 14 AI is designed for professionals who travel and work remotely without sacrificing performance. Its stylish design makes a professional impression.

Powerful Performance for Productivity

Featuring the latest Intel® Core™ Ultra Processors (Series 2) that deliver up to 115 TOPS1 total AI performance. The Acer TravelMate X4 14 AI also comes with up to 32GB LPDDR5x memory, delivering excellent performance for handling daily office tasks and multitasking efficiently.

Immersive Visuals on an OLED Display1

The 14" 16:10 WUXGA display boosts productivity with ample screen space. The optional OLED panel2 delivers vibrant colors, sharp contrast, and is TÜV Rheinland Low Blue Light (Hardware Solution) certified2 for a more comfortable viewing experience.

Empower Your Imagination

Use Cocreator to bring your visions to life with text or image prompts, Recall (preview)3 to find almost anything on your screen, and Live Captions with real-time translation4 to English and Chinese from multiple languages. Unleash your potential with Copilot!

Live Captions4

Live captions helps everyone, including people who are deaf or hard of hearing, better understand audio by providing automatic transcription.

Recall3 Instantly

With Recall, you'll have an explorable timeline of your PC's past. Just describe what you remember, and Recall can help you retrieve the things you've visited recently.

Create with Cocreator

Let your inner artist thrive with guidance from Cocreator—ideal for SMBs, this AI tool on sleek commercial laptops boosts creativity, content speed & quality.

Look Your Best, Sound Even Better, with AI

Acer PurifiedView™ 2.0 with NPU boosts power, enhances video clarity, lighting, and natural looks. Combined with PurifiedVoice™ 2.0 for optimized audio in virtual meetings.

Acer PurifiedView 2.0

Use NPU to offload AI tasks from the CPU, optimizing power consumption. Features like Portrait Refinement, Gentle Lighting, and Super Sharp ensure you look your best in virtual meetings and video calls.

Acer PurifiedVoice™ 2.0

Experience crystal-clear voice quality with AI-powered noise reduction and a three-microphone setup. Acer PurifiedVoice™ ensures your voice stands out, even with external headphones.

Crystal Clear Audio for Professionals

Experience superior audio with Ultra Boost Stereo Speakers, and DTS:X® Ultra Audio. Enjoy optimized AI tasks, 200% more sound output, and immersive audio quality, perfect for virtual meetings and multimedia tasks.

Ultra Boost Stereo Speakers

Acer’s latest speaker module delivers 200% more sound output, with 70% less vibration. Ideal for professionals, it offers enhanced audio clarity, a compact design, and improved durability.

DTS:X® Ultra Audio

It enhances sound quality by optimizing bass, loudness, and speaker protection. With six customizable modes, it delivers immersive audio through headphones and internal speakers.

Triple Microphone Array

A triple microphone array ensures clear communication by eliminating background noise and enhancing the main speaker’s voice.

Reliable and Durable

The Acer TravelMate X4 14 AI is tested to meet United States military-grade durability standards (MIL-STD 810H) for vibration, humidity, and temperature extremes, ensuring it can withstand the rigors of business travel.

Stay Connected, Anywhere

The world is your playground. With lightning-fast Wi-Fi 7 and Bluetooth 5.4, the Acer TravelMate P6 14 AI keeps you connected wherever you go. Experience seamless streaming, lag-free video calls, and effortless file transfers without missing a beat.

Comprehensive Ports & Connectivity

Acer TravelMate X4 14 AI is equipped with two Thunderbolt 4 ports, a USB 3.2 Type-A port, a USB 2.0 Type-A port, HDMI 2.1, and a Gigabit Ethernet port. These features offer versatile connectivity options to accommodate various peripherals and network requirements, effectively meeting diverse business needs.
