Whatever your task, do it all with the feature-packed Acer Aspire 5. Powered by the latest 13th Gen Intel® Core™ Processors1 and NVIDIA® GeForce RTX® graphics1 for crisp multitasking to pursue your passions.

Smooth Operator

Make light work of your daily tasks, with a full line-up of features to elevate your day-to-day—like TwinAir Cooling1, a 1080p webcam, an air inlet keyboard, and aluminum cover in multiple vibrant colors1.

Made to Do it All

Maximize your multitasking and productivity with the latest 13th Gen Intel® Core™ Processors1 for accelerated performance. And with onboard LPDDR5 memory and M.2 SSD storage—the Aspire 5 is made to do it all.

RTX. It’s ON.
Step up your game with an Aspire 5 equipped with an NVIDIA® GeForce RTX® dedicated GPU, which is the most advanced platform for ray tracing and AI technologies that are revolutionizing the ways we play and create.

Clear and Comfortable Viewing

See more and do more with a 16:10 aspect ratio and narrow bezel—choose 14”, 15” or 17” 1080p IPS displays, or step it up with 1440p QHD—all equipped with Acer’s suite of visual technologies for dynamic color and viewing comfort.

Collaborate Confidently

Enjoy crisp images and sound while video calling using Acer PurifiedView™ and dual digital microphones with Acer PurifiedVoice™. AI-powered smart solutions developed for you to collaborate confidently.

Automatic Framing

Put yourself front and center with auto-framing, which achieves the best possible view—allowing for a more engaging, natural experience.

Advanced Background Blur

When you don’t have to worry about what’s happening behind you, you perform better. With advanced background blur, you can cut out the distractions.

Gaze Correction

Through AI-assisted gaze correction, automatically adjust your eye angle and maintain crucial eye contact with your most important connections.

The Connectivity

Connect or charge your devices with a wide range of port options. Giving you increased productivity and functionality for any task.
