TP-Link Omada OJB-100 wireless access point accessory WLAN access point mount

Model: OJB-100

Manufacturer: TP-LINK

EAN: 1210002602303

Product Code: 607434

R958

The OJB-100 is your go-to solution for seamlessly installing Omada and Festa wall plate APs directly onto bare walls. Compatible with models like EAP775-Wall V1.0, EAP725-Wall V1.0, Festa F65-Wall V1.0, EAP655-Wall V1.0, and EAP615-Wall V1.0, this innovative product is perfect for scenarios where no junction box is reserved, the box size does not fit our wall plate access points, or no network cable is pre-buried in the wall.

The OJB-100 allows you to maintain your original wall setup without incurring high deployment costs, making installation quick, easy, and cost-effective.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
