Charge Version of Aeropex) brings you all-day comfort no matter what challenges you take on.

Open-Ear Listening

Stay Aware and Safe

Be open to the world around you. Open-ear design allows you to hear music and traffic at the same time. Whether you are running on the streets or biking in the mountains, OpenRun(Quick Charge Version of Aeropex) brings a high-quality hearing experience without compromising on safety.

Full Titanium Fit

Stability for Sports

Wraparound titanium frame ensures a secure fit that will stay in place during any workout or adventure. Move with freedom and confidence, even during dynamic workouts such as jumping or yoga inversions.

Cutting-Edge Crystal-Clear

Audio Experience

Re-engineered technology PremiumPitch™ 2.0+ delivers the widest dynamic stereo sound that bone conduction technology can offer. Say hello to deeper bass, less vibration and louder volume.

IP67 Water-Resistant Standard

Unrivaled As You Are

IP67 water-resistant standard keeps your headphones safe from splashes, sweat, and even getting caught in the rain.

8 Hours Non-Stop Listening,

Power On and On

Power up to 8 hours of music and calls. With OpenRun(quick charge version of Aeropex), you can blaze through your long day.

Seamless Connection

Amazing Call Quality

Equipped with a Qualcomm Bluetooth 5.1 chip, dual-mics and CVC algorithm to sharply separate your voice from background noise, you can experience clear and stable calls on the move.

Different Size,

Different Choice.
