Turtle Beach Vulcan TKL keyboard Gaming USB QWERTZ German Black

Model: TBK-2001-02-DE

Manufacturer: TURTLE BEACH

EAN: 731855220038

Product Code: 610382

R2,794

The Turtle Beach® Vulcan TKL is a tenkeyless variant of the award-winning Vulcan keyboard family. This smaller form factor means gamers have room for a larger pad and can use a bigger range of mouse movements, ultimately giving them greater accuracy. The linear TITAN Switch Mechanical delivers the industry’s best in speed and responsiveness. The switch adds to a comprehensive feature set that gamers know and love. The low-profile design is engineered for comfort and to reduce fatigue. Impressive durability and build quality thanks to its reinforcing black anodized aluminum top plate, switches rated to 50 million keystrokes, dedicated mixer-style audio controls and per-key AIMO™ RGB lighting.

FEEL THE LIGHT

The Turtle Beach® Vulcan TKL keyboard features the linear TITAN Switch Mechanical for speed and responsiveness. It also boasts mixer-style controls, an aluminum top plate and AIMO™ RGB lighting.

THE BEST MADE BETTER

The award-winning Vulcan is re-imagined in a tenkeyless form factor. All the features you expect in a smaller design.

TITAN MECHANICAL SWITCHES (LINEAR)

Designed and built entirely by our engineers and developed for gamers who love the feel of mechanical switches but demand a smooth and rapid actuation.

LONG-LASTING DURABILITY

The keyboard is reinforced by an aircraft-grade aluminum layer to make it extra strong and durable. Titan switches are designed to keep dust and dirt out, helping to keep it in top condition.

TENKEYLESS FORM FACTOR

This smaller factor allows for a larger pad and a bigger range of mouse movements, improving your aiming accuracy.

AIMO™ ILLUMINATION

AIMO produces vibrant lighting displays in 16.8 million colors right out of the box. It also syncs with other compatible AIMO products for illumination scenarios that flow across devices.
