continuous battery life and rapid charging where 10 minutes of charge provides 5 hours of game time. Faster than any mechanical switch, the TITAN™ Optical switch with adjustable debounce provides a long-lasting 100 million click life cycle, and speed-of-light actuation while the 26K Owl-Eye™ Optical sensor gives you game winning speed and accuracy. Left and right click buttons are precisely pre-tensioned improving response time and delivering the most accurate satisfying click ever. The Pure PTFE glides and PhantomFlex™ charging cable further amplify unrestricted gameplay, giving you the fastest, smoothest, and most precise experience possible. Pure Air is designed to shine with a stylish semi-translucent shell and a fully customizable AIMO™ intelligent RGB projection of the Turtle Beach logo onto the back of the mouse.
