TP-Link AV1000 Gigabit Powerline ac Wi-Fi Kit

Model: TL-WPA7517 KIT

Manufacturer: TP-LINK

EAN: 6935364052584

Product Code: 610704

R3,063

Extend AC750 Wi-Fi to Every Room Using Existing Electrical System

AV1000 Gigabit Powerline ac Wi-Fi Kit

Extend Wired and Wireless Network Using Electrical System

TL-WPA7517 KIT transforms your home’s existing electrical circuit into a Gigabit network, and brings wired and wireless network to anywhere there is a power outlet.

- > No need for drilling or wire installation
- > Network passes through walls and floors
- > Expand coverage by adding more extenders
- > Powerline adapters must be deployed in sets of two or more and be connected to the same electrical circuit

AV1000 Speeds and 300 Meters Range

Using advanced HomePlug AV2 technology, TL-WPA7517 KIT ensures stable and high-speed Wi-Fi and wired connection, providing data transmissions of up to 1000 Mbps* over the electrical wiring for ranges up to 300 meters. Stream in HD, game online and download large files without interruption thanks to reliable powerline links.

AC750 Wi-Fi for an Advanced Online Experience

With the 802.11ac Wi-Fi technology, the TL-WPA7517 operates a dual band Wi-Fi network (simultaneous 300 Mbps on 2.4 GHz and 433 Mbps on 5 GHz) with more bandwidth and less interference, maximizing the performance of your powerline network.

One Tap for a Unified Network

One-Touch Wi-Fi Configuration

Instantly copies your network name and password from your router for easy setup.

Gigabit Ethernet for Fast Wired Connections

One Gigabit Ethernet port provides reliable high-speed wired connection for a bandwidth intensive device, such as game consoles, smart TVs, STB and more, or connects multiple devices by adding a switch. Two Ethernet cables are included in the box.

Powerline Management on Your Smartphone

Manage your powerline Wi-Fi through tpPLC app from your smartphone (Android, iOS), or download new tpPLC Utility on PCs to manage the powerline network.

- View real-time powerline speed
- LED control (also controlled by LED On/Off button)
- Guest network
