and be heard with absolute clarity and professionalism. Combined with the vDisplay Manager productivity software for efficient multi-tasking and streamlined on-screen display control, the VG2756V-2K is the complete solution for anybody looking for a world-class live streaming or video communication experience.

Make Remote Work, Work for You

While working remotely has many benefits, online meetings are rarely one of them. The VG2756V-2K changes this by introducing a hassle-free videoconference experience, giving you yet another reason to work remotely.

Designed for Privacy and Confidence

Get peace of mind on and off the screen. The pop-up webcam with built-in LED fill lights ensures you look the best when it’s your time to shine, and provides you with privacy when you need it.

Looking Your Best Made Easy

Unflattering camera angles are a thing of the past. Built-in LED fill lights with color temperature and brightness adjustment ensure you and your content is presented perfectly, every time.

Two-Way AI-Powered Audio Enhancement

Audio quality is a crucial part of any meeting, especially online.
The VG2756V-2K 's AI-powered audio technology makes sure you get the best sound in any situation.

Greater Control from your Desktop

The intuitively designed Control Hub puts your video conferencing tools within a finger's reach. Use the hotkeys to adjust display settings or toggle the AI audio enhancement functionality.

Work the Way You Want

The VG2756V-2K offers a full range of ergonomic flexibility for every task and workflow. Raise your display to optimal height, swivel to fully flat, or rotate 90 degrees for portrait viewing. Up to +-5 degrees camera tilt ensures you’re framed right no matter how you choose to work.

Stunning Image Quality

Whether you’re working or relaxing, the 16:9 screen featuring QHD 2560 x 1440 resolution display delivers enhanced quality visuals, improving your workflow and downtime by making in-screen content more enjoyable and immersive. The 5MP webcam ensures you always look good on screen.

Incredible Audio Quality

Voice audio quality is assured with an exceptional in-built microphone, while dual 5W front-facing speakers provide you with crystal clear sound. Make sure your team are heard, loud and clear.

Free Up Your Laptop Ports

The docking capability of the VG2756V-2K allows for a streamlined workflow and eliminates the need for dongles and plug-in attachments. USB Type-C offers seamless data, video, audio, and 90W power transfer, while the built-in Ethernet port provides stable, lightning-fast connectivity options.

vDisplay Manager

ViewSonic’s proprietary vDisplay Manager software is available for free and allows users to organise and divide their screen into multiple segments. ViewSonic’s vDisplay Manager enables users to adjust their monitor settings to their needs for a more efficient workflow.

Excellent Multi-software Compatibility

The professional video conference solution, the VG2756V-2K monitor has comprehensive compatibility with various video conferencing software to provide premium conversation quality. The built-in 5W speakers and microphones assures that every attendee can hear and be heard perfectly.
