enhances computing performance to breeze through complex classes and collaborations. Plug into pure productivity with dual-band WiFi, Bluetooth 5.1, and a range of ports, including 4K HDMI, DP1.4, USB 3.0, and Gigabit LAN RJ45 for faster workflows.

Tap into a productivity powerhouse

Boost the interactive whiteboard with remarkable power and lightning-fast speed from Intel® 12th Gen Core™ processors, letting you zip through lessons and tutorials effortlessly. Integrated with Intel® WiFi 6 and Bluetooth 5.1, experience ultra-fast, versatile connectivity to facilitate remote and hybrid classes with ease.

Stability in every lesson

Teach and present without any worry about sudden disruptions. Built with the FinchGuard, a Watchdog timer software, the VPC35-W53-G1 intuitively detects and recovers from system malfunctions seamlessly to maximize productivity.

Stay cool and blaze through classes

Equipped with a thermal control circuit and noise reduction capabilities, the fan within the device will dissipate much more heat in quieter acoustics of under 35 decibels for more conducive and longer lessons.

Boot up with total security

Prevent malicious software and unwanted operating systems from loading during start-up with the optional Secure Boot in the BIOS setting. This stops existing errors from loading and keeps unauthorized personnel from accessing PC settings.

Built-in myViewBoard software

The VPC35-W53-G1 seamlessly integrates with myViewBoard software, offering teachers a wide range of interactive lesson and presentation possibilities. Effortlessly prepare, save, and share class materials across various platforms in an instant.
