every detail of your workouts clear at a glance.
Turn on night display and your data will be illuminated in bright red, green, or orange, making it easier on your eyes to read in dark environments.
With the new Glove Mode, your display will stay responsive to touch when you're wearing gloves up to 2mm thick.

Crafted for Adventure

Battle 70℃ heat, brave extreme -30℃ cold3, or plunge into 100 meter-deep waters4.

Built to endure harsh heat, cold, humidity, shock and more, even the elements won't be able to stop you tackling your next adventure.

Over 3 Weeks of Battery Life

Whether you're planning to go camping in the wilderness, set out on a multi-day hike, or jet off for an adventure holiday, power5 through treks, travels and triumphs with the Amazfit T-Rex 3.

Forge and Navigate
Your Own Path
Spend less time searching and more time moving in the right direction, with pinpoint dual-band GPS that acquires connection6 incredibly fast, thanks to support from six satellite systems.

From detailed altitude data, to severe weather alerts, to environmental information, the Amazfit T-Rex 3 has everything you need to adventure with confidence.

Rep and Set Tracking
Strength Training Mode
Whatever training split you're following, create your own strength training templates11 in the Zepp App, sync them to the watch, and then lift your way through your routine for the day.

Strength training mode can auto-detect 25 exercise types12 and will intelligently count your reps, sets and rest time before syncing your performance data back to the Zepp App.

Official HYROX Modes

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. Get a leg up on your HYROX competition with two official built-in HYROX workout modes.
Test your physical fitness with the HYROX PFT mode, before tracking your performance through the eight race day exercises with HYROX Race mode - which has Single, Double, or Team Relay options.

Customize Your Feature

List with Mini Apps

Bolster your options for health, fitness, outdoor sports, and smart living, by choosing from hundreds of mini apps ready for download from the Zepp App.

Customize your feature list with the extra apps you want, and install or uninstall them from your watch at-will.

Zepp Pay Contactless Payment

With the integration of NFC technology, Zepp Pay allows you to bind up to eight bank cards18 at a time to your Amazfit T-Rex 3, for password-protected contactless payment directly from your wrist.

Enhanced

Privacy Protection

Amazfit protects your data using best-in-class data privacy and protection partner Amazon Web Services to store and secure information, while complying with GDPR requirements. And with the Amazfit T-Rex 3, we're putting you in control of your privacy.

Choose to enable or disable GPS location data storage, backup your data, and retain downloaded mini apps if restoring the watch to factory settings.

Eco-Friendly Packaging

Inside and Out

We know how important the great outdoors is to everyone who picks up an Amazfit T-Rex 3. That's why we made sure to use 100% recyclable materials - free of plastic, and biodegradable19 - for the packaging.

We've even removed the charging cable from the box, which has allowed us to save 3g of metal and 4.5g of plastic per cable from being used in production processes. Plus, this means you won't have yet another connector cord tangled up and hidden away at home.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

While the charging cable is removed, the charging base is still in the packaging - so you can pick up one of your many USB Type-C cables and plug it into the T-Rex 3's charging base.

Connect to the Zepp App

The Zepp App is where you can really deep dive into the health and fitness data tracked by your Amazfit T-Rex 3, and get actionable guidance to help you achieve your goals.

It's also where you can download your favorites from hundreds of watch faces and mini apps from the in-app store and install them on your watch.
