

Zyxel WBE660S-EU0101F wireless access point 11530 Mbit/s Grey Power over Ethernet (PoE)

Model: WBE660S-EU0101F

Manufacturer: ZYXEL

EAN: 4718937631193

Product Code: 611819

R17,139

Enterprise-grade WiFi 7

With its revolutionary technology breakthroughs, WiFi 7 (802.11be) will be the fastest WiFi ever, unleashing unprecedented speeds to provide more enjoyable online experiences in the digital world.

Featuring the Qualcomm quad-core CPU and a solid, durable hardware build, the WBE660S delivers lightning-fast WiFi 7 speeds of up to 22 Gbps and significantly increased capacity. Paired with Zyxel Nebula’s comprehensive range of management and security advancements, it ensures high

reliability for demanding enterprise-grade connectivity.

The SMART Solution

The WBE660S is equipped with the Zyxel Smart Antenna, which constantly monitors and adjusts connections for each device, ensuring consistent optimal performance. This technology prevents connection inconsistencies and delays caused by interferences.

Durable Hardware Design Built for Longevity

Each hardware design element plays a crucial role in ensuring performance and reliability. The WBE660S access point incorporates carefully chosen high-quality components to ensure an exceptional experience and extended lifespan.

Nebula, The Intelligent Cloud Management

Nebula offers comprehensive monitoring and reporting capabilities, including real-time notifications for critical events via the mobile app. With Nebula, you can enjoy a streamlined experience for network installation and management, without the need for an additional cost for software or hardware controllers.

Power. Secure. Wireless.

Amidst the surging demands for bandwidth, WiFi 7, the next-generation of WiFi technology, emerges as the solution. Designed with the durable hardware and fortified cybersecurity features, the WBE660S access point empowers users to harness the utmost potential of the novel WiFi 7 advancements, delivering lightning-fast speeds while also offering enhanced protection against escalating cyber attacks and risks.
