The LevelOne WUA-1810E is a high performance, costeffective dual-band wireless USB network adapter, compliant with the latest wireless technology IEEE 802.11ac Wave 2 MU-MIMO (Multi-User Multiple-Input Multiple-Output), producing a transmission rate of up to 300/867Mbps on the 2.4/5 GHz band, with no radio interference and a faster, more stable wireless transmission, that produces high-throughput wireless speed on the 2.4/5 GHz band.

This means that you can enjoy clear, smooth HD video streaming, faster websites and services, lag-free online gaming, and clear audio and video calls over the Internet. Combined with a MU-MIMO AP like the WAP-8123, the WUA-1810E is very suitable for high-definition home entertainment, small business users, and sophisticated, high-demand wireless networking where speed and reliability are of optimum importance.
