Communicating in noisy environments has never been easier – or safer. The PELTOR™ LiteCom headset is a tough and rugged headset designed to cope with demanding use in many different working environments. The cord-free two-way radio allows a two-way conversation on up to 8 channels, 38 subchannels, and has a range of up to one kilometre . It lets you talk hands-free and work safely regardless of harmful noise levels.

- Communication on 8 channels in the PMR 446MHz band
- 38 sub channels allow users to communicate individually using the same channel
- An electronic voice tells wearers what settings are being adjusted - no need to take off the headset to check
- Integrated noise cancelling microphone
- Automatically switches off after two hours of non-use to save batteries
