Marvel at how your favourite games look in enhanced WQHD2. Experience the sharp, focused clarity and true-to-life colours of this 27" IPS2 display. Show off your screen to an eager audience as shades and contrasts stay true with a viewing angle of up to 178°.

Fast-Paced Frames

Enjoy seamless, lag-free gaming with a rapid 144Hz3 refresh rate. Even when the action gets frenetic, the 1ms4 Visual Response Boost™ ensures clear, blur-free images.

Seal of Approval

Not every gaming monitor comes with VESA DisplayHDR™ 400 certification. This industry standard specifies HDR quality, including luminance, colour gamut, bit depth, and rise time. Take your gameplay to the next level with improved colour accuracy and contrast.

Optimized Colors

Immerse yourself in the hyper-realistic colours of the game world. Smooth transitions, finer shades and uniform appearance are achieved with a wide 95% DCI-P3 colour gamut. Gain an edge over the competition with Black Boost technology, providing more detail in darker environments.

Eye Safety First

Protect your eyes from unnecessary strain by utilising Acer BlueLightShield™ and Flickerless technologies. Settle in for long gaming sessions with reduced monitor glare and eye fatigue thanks to Acer ComfyView™ and Low Dimming™.

Adjustments On The Fly

No need to fiddle with buttons. Easily modify your monitor settings using the Display Widget utility software.

Multiple Gaming Modes
