Model: BNEFFP3MVM

Manufacturer: BAKKER ELKUIZEN

EAN: 8719274677901

Product Code: 614025

R4,153

FastForward Pro

An ergonomic mouse with silent click, productivity button and tiltable hyperscroll wheel that allows you to scroll vertically and horizontally.

Working with a traditional mouse is like a workout without results. You scroll yourself silly, your wrist twists inwards, your fingers do all the hard work, and you wonder why coffee number 3 isn't helping anymore. All these problems are now a thing of the past.

FastForward Pro is designed for those who have no time to waste. Fly through documents with hyperscroll, switch easily between windows with the productivity button and now also scroll horizontally with the tiltable scroll wheel. This gives you all the tools you need to work quieter, faster and smarter. Like its little brother, the FastForward Pro is designed for long-term use without discomfort. The shape follows the natural position of your hand and wrist, relieving strain on muscles and joints. The silent click ensures you can work with concentration, even in shared workspaces.
