The PIXMINDS Lexip NP93 mouse combines precision and versatility for an enhanced gaming experience. With optical movement detection technology and customizable weight system, this mouse adapts to any user's preferences. Enjoy fluid operation and improved control with 12 programmable keys designed to enhance gameplay seamlessly.

Equipped with a thumb joystick and a 60° tilt range, this mouse allows for comfortable handling and quick access to multiple functions. The vibrant 16 million multi-color illumination adds visual appeal, making it a striking addition to any setup. The durable braided cable ensures stability and longevity, while wired connectivity technology provides a reliable connection during intense gaming sessions.
