Kingston Technology FURY Beast memory module 8 GB 1 x 8 GB DDR3 240-pin DIMM

Model: KF318C10BR/8

Manufacturer: KINGSTON

EAN: 740617317978

Product Code: 711550

R4,011

Kingston FURY™ Beast DDR3 automatically overclocks to frequencies up to 1866MHz*, dishing out an instant, hassle-free, reliable boost of power tuned for Intel’s 100 Series chipset. Beast’s asymmetric, edgy design stands out from the blocky, squared crowd and is crafted with quality aluminium. Rocking a black PCB, diamond-cut finish with coloured modules in blue, black and red makes the FURY Beast DDR3 amp up even the most audacious builds.

Plug N Play functionality up to 1866MHz

A simple and easy Plug N Play upgrade, Kingston FURY Beast DDR3 will auto-overclock itself to the highest listed speed allowed by the system BIOS.

Bold and asymmetric heat spreader makes a stylish statement

The sleek-looking new heat spreader is a great upgrade for your battle station’s style.

Black PCB and multiple colour variants for a customisable colour scheme

Kingston FURY Beast DDR3 comes in multiple colours, so there’s sure to be one that goes with your system or that custom case mod you’ve been working on.
