Versatile, Functional, Accessible

The HyperX Pulsefire Fuse features a sleek, ambidextrous design with Microline grip textured panels, seamlessly blending comfort and control. With a lightweight frame of only 75g, including the battery, it’s engineered for a responsive and agile feel, allowing for extended gaming sessions with reduced fatigue. With Pulsefire Fuse, you can enjoy up to 85 hours[1] of uninterrupted gaming on a single AAA battery. It offers customizable DPI presets up to 12,000 and dual wireless connectivity options - 2.4GHz or Bluetooth- for versatile performance. HyperX NGENUITY software allows you to tailor DPI levels, RGB[2] settings, and button assignments, to ensure that you play your way. With its lightweight build and long-lasting battery performance, HyperX Pulsefire Fuse guarantees that you can game comfortably and consistently without compromise.
