

KEYBOARD K120 USB US/920- 002479 LOGITECH

Model: 920-002479

Manufacturer: LOGITECH

EAN: 5099206021334

Product Code: 721294

R250

The Keyboard K120 for Business is the budget-friendly keyboard that's built to last. You'll enjoy a comfortable and quiet typing experience thanks to the low-profile keys that barely make a sound and standard layout with full-size F-keys and number pad. With its thin profile, spill-resistant design,* durable keys that can withstand up to 10 million keystrokes** and sturdy, adjustable tilt legs, this sleek keyboard not only looks and feels good-it's built to last. A plug-and-play USB connection means no software installation or IT hassles. Bold, bright white characters make the keys easier to read. And it all comes with the high quality and reliability that's made Logitech the global leader for keyboards and mice.

* Tested under limited conditions (maximum of 60 ml liquid spillage). Do not immerse keyboard in liquid.

** Excludes number lock key.

- You'll enjoy a comfortable and quiet typing experience thanks to the low-profile keys that barely make a sound to minimise distractions. The industry standard layout with full-size F- keys and number pad helps you be more productive and supports keyboard templates.
- With its thin profile that keeps your hands in a more neutral position, spill-resistant design, durable keys that can withstand up to 10 million keystrokes and sturdy, adjustable tilt legs, this sleek keyboard not only looks and feels good – it's built to last.
- Plug-and-play simplicity saves you time and resources – you just plug it into a USB port and start using it right away without software.
- The bold, bright white characters make the keys easier for everyone to read – including those with less-than-perfect vision. They're less likely to wear off, too.
- You get the high quality and reliability that's made Logitech® the global leader for keyboards and mice at a price you can afford – plus a 3-year manufacturer's guarantee.
