NETGEAR WBE758 11530 Mbit/s White Power over Ethernet (PoE)

Model: WBE758-111EUS

Manufacturer: NETGEAR

EAN: 606449167764

Product Code: 761933

R30,205

THE FUTURE OF BUSINESS IS HERE

Achieve real-time responsiveness, super low latency, and greater capacity while doubling the data throughput of WiFi 6E.

Experience advanced WiFi for advanced business.

Multi-Link Operation

Blocks interfering frequencies and uses the adjacent frequencies available in that channel, instead of making the entire channel unusable.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Preamble Puncturing

Reduces signal interference, which allows WiFi devices to use parts of different channels to transmit data, greatly reducing network congestion.

Lower Environmental Impact

Built with a mix of partially to fully recycled materials and features that support power saving modes via NETGEAR Insight Remote Management.

Higher Bandwidth

Accommodates ultra-wide 320MHz channels for transmission speeds up to 5Gbps to WiFi 7 end-point devices.

NETGEAR INSIGHT REMOTE MANAGEMENT

Manage locally or remotely through the Cloud for simple yet powerful control of your network anytime, anywhere. A 4-year subscription is included.
