The truest voice takes you where you hear

The Ole Wolff diaphragm, an industry-leading professional acoustic component, provides a wider frequency response and higher sensitivity of music, enabling everyone to enjoy the full sound of originalities and fineness.

INNOVATIVE ACOUSTIC SHIELD TECHNOLOGY

Be heard, and also be understood

Yealink Acoustic Shield Technology ensures distraction-free audio quality in daily calling with a virtual shield created by multiple microphones, to ensure you've been heard clearly.

NOISE-CANCELLATION MICROPHONES

Your words will never be late or lost

Specially tailored noise-cancellation microphones, placed in retractable Magic Boom, together with beamforming, gets your message across completely even in noisy environments with clear and crisp voice transferred.

ANYWHERE, CONCENTRATION

To work and collaborate intently

EASY CHARGING & LONG-TIME WORKING

SEAMLESS UC EXPERIENCE

UC certified, users satisfied

Universally compatible to work with common calling applications across almost all platforms and operating systems, Yealink Headsets are ready for your business and professional communication from the moment you start with.

ULTRA-WIDE ANGLE VISIBLE BUSYLIGHT

Defend your work, boost your productivity

Visible busylight in ultra-wide-angle, automatically activated by coming calls or manually by pressing two volume buttons simultaneously, is engineered to protect your working state and concentration from any interruption when you immerse in a call, meeting, or something that matters.

ANYWHERE, STYLE

To wear and take-out joyfully

RETRACTABLE HIDDEN MICROPHONE ARM

Switch to casual in one second

Move seamlessly from the office to the on-the-go, with a contemporary casual design and a discretely hidden boom arm that still guarantees exceptional professional sounding calls, even when tucked away.

So when you're on the go, only you'll know you're working.

UNCOMPROMISING COMFORT

Considerate everything to feel like nothing

Ergonomics & human caring factors are the soul of the BH72 headset. So biometric research of hundreds of heads and wearing styles were done to create a perfect headset fitting every size and shape, ensuring your comfort till the last minute even in long-time working.

ONE FOR ALL DEVICES MANAGEMENT

Customize your headset in the way you like

Yealink USB Connect is available for the management of multiple Yealink USB devices, including headsets, speakerphones, and webcams. All the settings can be done through Yealink USB Connect in mobile or PC, including the setting of the basic and premium function, convenient and efficient for both organizations and individuals in daily use.
