Product Code: 763108

R3,356

Game harder, for longer

INZONE H5 Wireless Gaming Headset

With a light-weight build and lower side pressure, the INZONE H5 is ready for even your longest gaming sessions. And with advanced spatial reproduction to keep you immersed, and a microphone that makes sure you're heard, you'll be well on your way to victory.

Refined for Victory. Advised by Fnatic.

Gaming excellence by Fnatic Pro-Player met INZONE development. INZONE H5 is here through the collaboration.

Let sound give you the edge

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

360 Spatial Sound for Gaming1 allows you to hear the direction and distance to your opponent, so you can react first and win more. If you want further personalisation, you can customise your sound in the INZONE Hub.

Light and soft for longer playing

A smooth nylon earpad, low side pressure and soft headband cushion to evenly distribute the light-weight 260 g headphones, all combine to make the INZONE H5 comfortable even for long session.

Clear communication powered by AI

Precise Voice Pickup Technology

A bidirectional boom microphone with AI-based noise reduction technology reduces unwanted noise and picks your voice out from the background, meaning you get clearer communication with your teammates and a better chance at victory.

Up to 28 hours' battery life and lower latency

A low-latency 2.4 GHz wireless connection with USB dongle lets you play freely without cables for up to 28 hours, though you'll always have the option of a wired connection when you want it2.

Perfect for PlayStation®5

INZONE H5 allow you to enjoy the immersive sound of PlayStation®5's Tempest 3D AudioTech for gaming with great spatial realism. They work seamlessly with PlayStation®5 consoles: see volume status, remaining battery level and microphone mute indicator on screen as you play.
