clear texture—the making of a highly praised screen.

Ultra-large

Capacity Battery, Always Raring to Go.

The built-in 8300mAh battery supports about 14 hours of local video playback with a full charge. With a battery life of 56 days, it is always ready with full energy, whether for a long-hour live game, online lecture, or e-book reading.

Intriguing in Ears, Clear to the Heart.

The large-amplitude quad-speaker layout, powered by the HONOR Histen algorithm, ensures excellent sound quality at all times, allowing rich musical details to ring in your ears. Apart from enhancing the human voice for children's online learning, it also automatically filters out surrounding noises when speaking, such as keyboard and mouse clicks and footsteps, highlighting the human voice and making communication smoother.

Snapdragon 680, Smoother Like Magic.

The 6nm Snapdragon chipset with flagship architecture presents you with an extraordinary experience.

MagicOS 8.0

MagicOS 8.0 (based on Android 14) presents a smoother system performance, smarter function list, and excellent multi-task management, allowing your tablet to serve your needs with unbelievable efficiency.

Smart Screen Split, Multi Tasks on One Screen.

One screen can show up to 4 APPs at the same time, allowing you to switch at will, concisely and efficiently.

App Extender, One App on Two Windows.

You can now split your screen into two windows to show the content of one app, enhancing your study and working efficiency.

Multi-screen Collaboration: started on the phone, done on the pad.

Tablets and phones can now share the same screen. While allowing pictures and videos to be

dragged and dropped seamlessly between screens, you can also collaborate your homework material received by your phone on your tablet.

Connected App, just Continue on Your Tablet.

With the app content on your phone synchronized on your tablet, you can now continue or edit your work on the bigger screen.

Connected Network Sharing, for Mobile Network Tablet.

The mobile data on your phone can be directly shared to your tablet.
