Never miss a beat

The powerful 3-in-1 Samsung BioActive Sensor controls three health sensors effectively, Optical Heart Rate, Electrical Heart, and Bioelectrical Impedance Analysis.

Monitor your heart rate and track your cardiovascular health to detect unusual heart rates and blood pressure. The BioActive Sensor can record your blood pressure, helping you manage high or low blood pressure.

Sleep tracking from A to Zzz

Our improved sleep tracking technology tracks your sleep stages to help you create healthier sleep habits and identify your sleep type via 8 animal sleep symbols. You'll also receive nightly sleep reports, so you can rest easy.

Now 2x tougher front display than Galaxy Watch4 thanks to Sapphire crystal. It even looks indestructible with Black Titanium or Gray Titanium body to take the big hits

Tap into the power of Google

Everything you need in the palm of your hand - well, actually on your wrist. The stand-alone Wear OS makes installing applications like Google Maps or Youtube Music easy.

Perfect for a run or the runway

Forged with a premium Titanium body and a stunning Sapphire crystal. The Galaxy Watch5 Pro stuns with classic colours and premium styling for a timeless timepiece.

Get your way

Enter the studio and customise from a range of new bands and styles to match your unique look. Mix and match with different combinations only on samsung.com.

Face every challenge

Analog to digital, vintage to modern, select a watch face to help you face the day. Pick from the classic set or from the various watch faces.
