Goodram GR1600D3V64L11 memory module 8 GB 1 x 8 GB DDR3 240-pin DIMM

Model: GR1600D3V64L11/8G

Manufacturer: GOODRAM

EAN: 5908267903469

Product Code: 764618

R1,959

goodram

ASSEMBLED IN POLAND

ESD SENSITIVE | LIFETIME WARRANTY | 100% TESTED

DDR3 XXGB
XXXXMHz CLXX DIMM

DDR3 DRAM modules are commonly used in PCs, where very high data transfer rates, high capacity and low power consumption are required (even 1.35 V in the case of low voltage modules).

Ready to work

GOODRAM DDR3 memory has 2 GB, 4 GB or 8 GB of memory in one module and is available in Single and Dual Channel configurations (8, 16 GB). 1600 MHz clock frequency makes GOODRAM great choice, no matter what kind of task is need to be done.

Highest quality = lifetime warranty

All GOODRAM memory modules are manufactured in Poland (Europe) with highly selected components and undergo a multi-stage quality tests before setting off for a trip to retail stores. The Quality Control Department ensures that each module is perfectly prepared for many years of use, hence we guarantee our users a lifetime warranty.

Energy efficiency

Thanks to the “fly-by” topology and address bus termination on the memory module it is possible to clock DDR3 up to 1600 MHz. Low power consumption makes DDR3 modules, a great choice for mobile applications. Each memory module that comes out from our factory undergoes multi-stage control tests to ensure the specified performance and durability of the product. All GOODRAM memory modules are backed by a lifetime warranty and free remote technical support.
