Go for A Bigger Vision

Tab A5 Kids transforms the way you view the world with a punchy and pixel-dense display that unfolds stunningly right in front of your eyes and generates a new realm of life-like graphics, bold colors, and smoother gradients to awaken your senses and invigorate your body and mind.

Care for Curious Eyes

Eye-protection Mode

Tab A5 Kid accompanies your kids under 12 years old throughout their growth from pattern and color recognition to word learning and thinking. To protect their eyes with curiosity about the wonderful world, you can activate the Eye-protection Mode to adjust the background brightness for comfortable reading and reduce harm to eyesight.

Reading Mode

Turn the interface gray to give your tablet the feel of an e-reader and prevent eye fatigue when reading for an extended period of time.

Dark Mode

Reduce the light emitted by the screen while maintaining the minimum color contrast ratios required for better readability.

Night Light Mode

Make it easier to look at your screen or read in dim light, and provide warmer colors at night to promote better sleep.

Dual-screen Entertainment

You are allowed to split the screen and run two apps side by side at a time for viewing for learning and entertainment simultaneously.

Full-featured Google Kids Space

Google Kids Space has customized lots of apps, games, videos, and books based on kids' interests and ages, allowing them to nurture logical thinking and develop hands-on skills while having fun at will.

EasyShare App

Upgrades In Convenience

Share your videos, pictures, or songs effortlessly between devices without network or Bluetooth needed- faster and more private than ever.

Screen Attention

Had enough of your screen turned off during cartoon time? With Screen Attention enabled, your screen will stay on as long as you're looking at it!

Real-time Subtitle

Keep up with conversations effortlessly using the real-time subtitle feature. Translate spoken language into text instantly, making sure no word will be missed.

Customized Timer Clock

With a range of preset timer modes, kids can easily choose the suitable timing for various activities like brushing their teeth, playing games, or doing chores.

Accessible Magnification Shortcut

With the ability to enable users to pinch to zoom in and out of the screen, the improved magnifier on Android 14 is more intuitive and convenient, making it easier to view and read small text and see fine details.

Atomized Memory 2.0

It separates application memory and optimizes memory utilization through fine compression, resulting in enhanced application performance like never before.

Set Privacy Boundaries

Apps are restricted to accessing essential data only. Extra permissions require separate approval from users.
