MEMORY DRIVE FLASH USB3 128GB/920 TS128GJF920 TRANSCEND

Model: TS128GJF920

Manufacturer: TRANSCEND

EAN: 760557846949

Product Code: 772121

R2,285

Introducing Transcend's high endurance, high performance JetFlash 920, a USB flash drive that is anything but ordinary. Boasting sensational read speeds of up to 420MB/s and write speeds of up to 400MB/s, the JetFlash 920 delivers top-notch performance in a sleek and portable design. Its aluminum metallic housing will safeguard your data wherever you go.

Not your usual USB flash drive

The JetFlash 920 may look like your everyday USB stick, but it has performance that goes beyond that of ordinary flash drives. With up to 420MB/s read speeds and up to 400MB/s write speeds, you can transfer 4GB to the drive in less than 15 seconds. Simply plug it in and transfer all your 4K movies and high-resolution images in a flash.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Note: The JetFlash 920 comes pre-formatted in the FAT32 file format for broadest compatibility. If you wish to transfer a single file larger than 4GB, you will need to reformat the drive in another format such as exFAT.

Endurance where it matters

Rigorous day-to-day use tests a regular USB’s continued efficiency and durability. Whether you need to transfer a ton of graphics or HD videos on a daily basis, or whether you use your JetFlash 920 with a write-intensive application, like a dashcam - you can count on Transcend's JetFlash 920 to get things done without a hitch! These high-endurance drives have 10 times the lifespan of a regular TLC USB. The JetFlash 920 is sure to keep your important data secure and intact.

Metallic radiance

Safeguard your data with Transcend's JetFlash 920, whose aluminum metallic housing with a sandblasted finish is as sturdy as it is sleek. Highly portable doesn’t mean fragile, at least not with the JetFlash 920, whose durable design offers top-notch protection of your data inside and out.

Vast storage capacity

The JetFlash 920 comes in roomy storage capacities up to 256GB, allowing you to transfer, store, and share files more easily than ever before.

Perfect for on the move

A lanyard hole is provided for attaching the device to your suitcase or bags, making the JetFlash 920 readily accessible while still looking trendy. A cap is included to protect the USB connector from being accidentally broken.

Value-added software

A free download from Transcend’s official website, the Transcend Elite data management software is available for both Windows OS and macOS. Transcend Elite features backup and restore, data encryption, and cloud backup functions, helping you keep your important files organized, protected, and up-to-date!

Transcend also offers RecoveRx, a free data recovery utility that allows you to search deep within a storage device for traces of erased files including digital photos, documents, music, and videos.
