- Works on Any Surface: Hit the right pixel every time with the Darkfield 8000 DPI laser sensor on this bluetooth mouse; track with incredible precision — even on glass
- Quiet Click Mouse: The same satisfying feel but with less click noise (than MX Anywhere 3 wireless mouse) for less distraction and more focus
- MagSpeed Scrolling: Zip down 1000 lines of code or spreadsheet cells in just a second; or get line-by-line, pixel-by-pixel precision
- Portable Ergonomic Mouse: The low-profile design contours to your hand and has ultra-soft side grips so you can work in comfort for hours, no matter where work is
- Made with Recycled Plastics: MX Anywhere 3S Computer Mouse includes certified post-consumer recycled plastic — 78% for Graphite and 61% for Pale Gray

(1) Compared to a regular Logitech mouse with default DPI setting. (2) 4 mm minimum glass thickness (3) Requires Logi Options+ app available on Windows and macOS at logitech.com/optionsplus (4) Compared to MX Anywhere 3, MX Anywhere 3S has 90% less sound power level left and right click. (5) Compared to a regular Logitech mouse without an electromagnetic scroll wheel. (6) Battery life may vary based on user and computing conditions. (7) Device basic functions will be supported without software for systems other than Windows and macOS. (8) Wireless range may vary depending on the operating environment and computer setup. (10) Excludes plastic in printed wiring assembly (PWA), receiver, wire, FFC cable, and packaging. (11) Copilot in Windows (in preview) is available in select global markets and will be rolled out to additional markets over time. Learn more at <https://www.microsoft.com/en-us/windows/copilot-ai-features#faq>. Copilot with commercial data protection is available at no additional cost for users with an Entra ID with an enabled, eligible Microsoft 365 license.
