Trackball comfort

Your trackball stays in one place, so you don't have to move your arm to move your cursor. Its sculpted shape supports your hand to let you work all day in comfort.

Compact footprint

Short on space? No problem. Because the trackball doesn't move, it's perfect for tight workspaces and busy desks.

Logitech Advanced 2.4 GHz wireless

You get the reliability of a cord with cordless convenience and freedom—fast data transmission and virtually no delays or dropouts.

Tiny, wireless receiver

It's so small it can stay plugged in a USB port. You don't have to unplug it when you move around or worry about losing it. And your trackball is always ready to use.

Storable receiver

If you do need to remove the tiny receiver, just tuck it away right next to the battery.
