R991 ~~R1,725~~

Vertical Design

Stop straining your wrists during long workdays. With the Trust Vox Wireless Rechargeable Ergonomic Mouse you continue working for as long as you want. The vertical shape of this ergonomic mouse reduces wrist and arm strain, while the adjustable buttons and the LED display menu help you improve your workflow.

Made for Hard Work

While the vertical design is comfortable to hold, a mouse is nothing if it's not functional. That's why the Voxx is a real work horse with 9 buttons. Use the DPI button to adjust your cursor speed (1200, 1600, 2000 and 2400 DPI), and the side-buttons to quickly go back and forward in your browser. Or

adjust the buttons to your liking.

Everything in Sight

Ever changed a setting and wandered what your current mouse settings are? Well, no more. The Vox Wireless Rechargeable Ergonomic Mouse has a handy LED display that lets you keep track of your most important settings, like button functionality, DPI, connection status and remaining battery life. You can finally concentrate on what's important: getting work done.

Your Kind of Wireless

The Voxx can be used just the way you would like. Use it wirelessly via Bluetooth on supported laptops, tablets, even smartphones. And if your laptop or PC doesn't support Bluetooth, the included USB Micro Receiver will save your day. It's conveniently stored within the mouse itself, so it's never out of reach. You can even use this mouse after you run out of battery, thanks to the charging cable.
