R1,573

The Bluetooth® Multi-Device Keyboard K480 is a unique cross-device keyboard for your computer...that also works with your tablet and smartphone. The Easy-Switch™ dial lets you switch typing easily between 3 connected Bluetooth wireless devices and the integrated cradle holds your phone or tablet at just the right angle for you to read while you type. You'll find a familiar keyboard layout with all the shortcut keys you use the most, whether you're typing on a Windows, Mac or Chrome computer, or an Android or iOS tablet or smartphone.

- Type on anything. A new type of computer keyboard for your desk – that also works with your tablet and smartphone. Bluetooth computers or mobile devices that support external
