GHz and Bluetooth connection, ideal for any scenario, whether at work, gaming, or on the go, and offers ultimate performance to maximize productivity!

### **The Strongest Mouse Sensor**

The top-tier optical sensor delivers flawless sensitivity and pinpoint precision, ensuring seamless response to every hand movement for ultimate control in gaming scenarios or professional tasks.

### **8000 Hz Polling Rate Option**

Setting the mouse at a 8000 Hz polling rate can result in a high-speed signal transmittance between the mouse and the connected device. More responsive cursor movements captured with faster trigger response guarantees unparalleled performance, securing your triumph when it truly counts!

### **More Customization on The Keychron Launcher**

Just click, save, and turn it off, the online Launcher web app allows for easy personalization. You can modify keys, set shortcuts, create dedicated macros, or do professional settings for LOD, polling rate, DPI, etc. Besides, it provides 5 on-board memory profiles for your access to different apps or computers.

### **Anytime, Anywhere Access**

Keychron Launcher is a web page configurator that you can use in the office, school, lab, or government department—anywhere with internet access. Configure your mouse online anytime without the need to download or install files. No hassle, no trouble.

### **Compatible with All Platforms**

As a web-based tool, Keychron Launcher supports all operating systems. Personalize and program your mouse on Windows, macOS, Linux, and more. Enjoy unprecedented flexibility with compatibility across Chrome, Edge, and Opera browser.

## **Always Up to Date**

Keychron Launcher is continuously updated, ensuring you always have access to the latest version. There's no need to download updates or wait for installations.

## **Stable & Ultra-low Latency Response**

### **2.4 GHz and Bluetooth**

With cutting-edge 2.4 GHz frequency wireless connectivity, the M7 gives you extremely low latency and quick response for gaming and the office. M7 8K also offers a stable 5.3 Bluetooth connection for even more variety in your wireless connectivity.

## **Peak Performance For Every Scenario**

Precise sensors, extremely low latency wireless connectivity, and high polling rate give you the best performance for both office , gaming or even on the go.

## **The Ultimate Ergonomic Design**

The ergonomic design of M7, featuring a smooth curve on the top and a thumb rest on the side, conforms more closely to the contour of your palm, ensuring a comfortable grip over extended periods.

## **Lightweight at 66g**

Lightweight at 66g, it offers just the right amount of lightness, flexibility, and effortlessness to hold in your hand for extended use.

## **Up To 140 Hours**

Equipped with the 600 mAh battery, M7 offer impressive continuous working times across its versions:
