G213 Prodigy's slim body is durable, precise, and spill-resistant, G213 Prodigy is designed for the way you play. With performance tuned keys, G213 Prodigy brings together the best in tactile feel and gaming-grade performance. Keys on the G213 Prodigy are tuned to deliver ultra-quick, responsive feedback that is up to 4 times faster than the keys on standard keyboards, while the anti-ghosting gaming matrix keeps you in control even when multiple keys are pressed simultaneously. Add a personal touch to your system with customizable RGB lighting zones or play, pause, and mute music and videos instantly with media controls. G213 Prodigy is a full-sized keyboard designed for gaming and productivity.

- Personalise five individual lighting zones from a spectrum of over 16.8 million colours. Change colours to match your setup, specific games, or to showcase your favourite colours. Synchronise lighting effects with other Logitech G devices using Logitech Gaming Software.

Low light leak around each keycap means less more light comes through the lettering – and less leaks around the keycaps. This helps make the illumination of each key more brilliant, making it easier to find your keys in the dark

- G213 Prodigy is a full-sized keyboard designed for gaming and productivity. The slim body is built for gamers of all levels, with a durable construction that repels liquids, crumbs and dirt for easy cleanup. An integrated palm rest and adjustable feet let you set your keyboard to the ideal position, so it's comfortable to use even during the longest gaming sessions
- G213 brings together the best in tactile feel and performance with keys built specifically for the way gamers play. Each key on the G213 is tuned to enhance the tactile experience, delivering ultra-quick, responsive feedback that is up to 4 times faster than standard keyboards. The anti-ghosting gaming matrix is tuned for optimal gaming performance, keeping you in control when you press multiple gaming keys simultaneously
- Control your background track without switching out of your game. G213 features dedicated media controls that can be used to play, pause and mute music and videos instantly. Adjust the volume, or skip to the next song with the touch of a button
- Logitech Gaming Software lets you fully customise your G213 for added convenience and personalisation. Set the RGB lighting, save time by assigning multiple functions to function (F1-F12) keys, and much more
