With the stylish metal design, the JumpDrive® M400 USB 3.2 Gen 1 Flash Drive is ruggedly built for daily use. And with its included key ring, you can easily add it to a backpack or bag, making transferring files on the go a breeze.

Protect Your Files with Lexar DataShield

The JumpDrive® M400 USB 3.2 Gen 1 Flash Drive is secured by Lexar DataShield™. The advanced security solution with 256-bit AES encryption² helps to protect your essential files against corruption, loss, and deletion.

Compatible with PC and Mac® Systems

Compatible with both PC and Mac® systems, the JumpDrive® M400 USB 3.2 Gen 1 Flash Drive allows you to easily store a large number of photos, videos, and documents.

Rigorously Tested

All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

- Transfer files with style and USB 3.0 performance
- As stylish as it is durable
- Protect your files with Lexar DataShield
- Backwards-compatible with USB 2.0
- Compatible with PC and Mac® systems
