Fast and precise moves

LIV Onyx White has a perfectly balanced, ultra-lightweight body (only 54 g) that is a modern in-house design. It gives you a striking advantage over your opponents on the virtual battlefield. Simply put, your moves will be fast, fully controlled, and unconstrained. A built-in 1.8 m cable is enough to use the mouse comfortably with a desktop PC and a laptop alike.

Keep pace!

The self-adhesive grip tape, matching the onyx-white housing, grants you a firmer hold of the mouse, which, together with the PTFE feet (a second set included) provides fluid mouse movement. Thanks to this, LIV Onyx White works great even when the clicking gets intensive.
