MOUSE USB OPTICAL G203 PRODIGY/BLACK 910-004845 LOGITECH

Model: 910-004845

Manufacturer: LOGITECH

EAN: 5099206066052

Product Code: 772684

R1,288

Gaming-Grade Performance

Up to 8x faster

G203 Prodigy communicates at up to 1000 reports per second – or 8 times faster than standard mice. This means when the mouse is moved or clicked, the on-screen response is near-instantaneous.

Classic Design

Comfortable and familiar

Like Logitech G Pro Gaming mouse, G203 is inspired by the classic design of the legendary Logitech G100S Gaming Mouse. Beloved by gamers worldwide and a favorite of esports pros, it’s a familiar design we have re-engineered and optimized from the inside-out for versatility, durability and comfort for everyday use.

Cutting-Edge Sensor Technology

Elevate Your Accuracy

Play to your full potential by being more accurate than you’ve ever been before. G203 features a new 200-6000 DPI sensor that delivers incredible accuracy, tracking speed and consistency. This gives you better control no matter your style of gameplay. The consistency and accuracy of the sensor means you can start training your muscles to aim by feel, not just sight.

Advanced Button Tensioning

Crisp, consistent clicks

Advanced button tensioning gives you a more refined, precise click experience. With this technology, a metal spring keeps the left and right mouse buttons primed to click, reducing the force needed to click and delivering exceptional click feel, response and consistency.

Quality and Experience You Can Trust

Legendary Logitech quality

For more than 30 years, Logitech has been leading innovation and advancements in the audio, office and gaming technology spaces. Logitech’s high-quality products focus on the experience and help you realize your full potential. Each piece of gaming gear is designed and tested in our state-of-the-art research and development labs, and held to the highest performance standards to bring you the optimal gaming experience.

Programmable RGB Lighting

Chose from up to 16.8 million colors

Choose from a palette of up to 16.8 million colours and different brightness levels to match your style, system or environment. Download Logitech Gaming Software to get access to over 300 game profiles and intelligent illumination that responds to your in-game actions.

Six programmable buttons

Customize for more control

Logitech G203 Prodigy Gaming Mouse can be used directly out-of-the-box, or can be fully configured using Logitech Gaming Software. Advanced users can configure any of the 6 buttons to simplify in-game actions.

On-the-fly DPI shifting

200-6000 DPI

On-the-fly DPI shifting lets you switch between up to 4 sensitivity settings, from a pixel-precise 200 DPI for sniping) to a lightning-fast 6000 DPI.

Onboard Memory

Take your settings with you

Save your preferences to the onboard memory on the mouse and use it on any PC you take it to with no need to install software or reconfigure your settings on the new PC.
