This super convenient flash drive gives you powerful performance in a low-profile design, making it easy to use for TV's, gaming, laptops and more with its simple plug-and-stay ability.

### **Securely protect your files**

JumpDrive S47 includes an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

### **Securely protect your files**

JumpDrive S47 includes an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

### **Rigorously tested**

All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.
