WIRELESS GAMING MOUSE

Wireless gaming mouse with full RGB LED lighting and 50 hours of battery life

Never lag behind

The days of sub-par gaming are gone – with the Ybar’s low-latency wireless connection, you’ll enjoy lag-free play and complete freedom of movement to play where you want, how you want.

Item upgrade unlocked! Made from 68% recycled plastics, this mouse sets the bar for sustainable gaming, allowing you to play with peace of mind (and look super cool while doing it too!)

Play all day

It’s easy to lose track of time while gaming, so don’t let low battery stop you! With up to 50 hours playtime on a single charge and the ability to keep playing whilst charging, you can game on and on with the Ybar.

Thinking fast and slow

Whether you’ve got the need for speed or want to take it slow and steady, the Ybar’s adjustable DPI (200–7200) allows you to change your cursor speed to ace your gaming every time. Epic!

Level up your gaming

You bring the skills, we’ll bring the software. The Ybar’s advanced software enables you to program light effects, profiles, macros and 6 programmable buttons to fine-tune your gaming experience.

All the added extras

With customisable RGB lighting that complements your playstyle, textured sides for a comfortable grip, and low-friction gliding pads for smooth control, the Ybar is definitely something you want to get your hands on!
