This super convenient flash drive gives you powerful performance in a low-profile design, making it easy to use for TV's, gaming, laptops and more with its simple plug-and-stay ability.

Securely protect your files

JumpDrive® S47 includes an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

Capacities to store all your data

JumpDrive® S47 comes in a wide range of capacities— 32/64/128GB. These options make it easy to find one to suit your needs and store more of your data in one place.

Rigorously tested

All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.
