MOBIUZ gaming monitors deliver the quality astute gamers demand. BenQ's proprietary HDRi automatically optimizes image color and clarity. No screen tearing gives a smooth visual experience increasing gamers' absorption in the gameplay ensuring the best gaming experience.

HDRi Makes HDR Content Smarter

HDRi auto-optimizes image color detail and clarity. It improves contrast by saturating colors and by auto-adapting to ambient light to make a unique MOBIUZ gaming experience.

Fast Response and No Tearing

The fast response reduces blurring effects on the screen giving you silky smooth movement for a much more absorbing gameplay experience.

Adjusting Light Intensity

Light Tuner provides subtler light and shadow while Black eQualizer reclaims details from improperly displayed dark sections.

Enchanting Sound Performance With Nothing to Plug In

Everything you need for superb sound reproduction is contained in this monitor. The built-in speakers and the five immersive sound modes designed just for gamers delivers a surround sound experience. Plug it in, turn it on and listen, nothing more to do. It's a much higher-quality alternative to headphones and avoids the hassle of having to connect external speakers.

True Sound by treVolo

BenQ's treVolo experts designed a player-specific surround sound field and special sound mode for different game types which configures high-middle and bass settings.

Additional Powerful Subwoofer

Catch every low-pitched bass note like the rumbling of gunfire. The 2.1 channel amplifier's 5W subwoofer delivers vibrant bass.

So Comfortable It's As If the Screen Doesn't Exist

Wearing a headset is hot and cumbersome. Switching from device to device is a nuisance. You often find you have stiff shoulders, a stiff neck, or aching wrists and arms. MOBIUZ monitors aim to eliminate all these sources of discomfort that distract you from the game. Achieve total immersion in your gameplay without the inconvenience of those common niggling discomforts.

Your Monitor is Your Game Hub

Centrally manage Quick OSD, and Scenario Mapping to switch settings fast.

Adjust to the Perfect Angle

Eye-Care Tech for Extended Game Playing

Eye-Care tech is easy on your eyes so you experience greater comfort during long gaming sessions.

Brightness Intelligence Plus

Brightness Intelligence Plus adjusts display brightness and color temperature for a more comfortable viewing experience. Headaches, eye strain, and fatigue are a thing of the past as this monitor adapts brightness relative to your surroundings.

Game Console Compatibility
