QNAP QHora-301W wireless router 10 Gigabit Ethernet Dual-band (2.4 GHz / 5 GHz) White

Model: QHora-301W

Manufacturer: QNAP

EAN: 4713213517840

Product Code: 802929

R7,935

To embrace the new normal of remote working, businesses must deploy both a remote VPN that is quickly accessible by multi-location users, and a high-speed in-premises solution covering wired and wireless connections. The QHora-301W supports high-speed Wi-Fi 6 and 10GbE connections, while also providing an enterprise-grade SD-WAN VPN to allow multi-site VPN deployment via the cloud. Combined with a budget-friendly price, the QHora-301W is a solid foundation for building a next-generation network.

Welcome to a New Age of Routers!

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

QNAP’s next-generation routers go beyond simple IP settings and Wi-Fi connectivity, with the QHora-301W offering an all-in-one solution by integrating amazing new technologies for remote multi-site VPN, and high-speed wired and wireless connectivity.

10GbE for flexible high-speed LAN/WAN deployment

The QHora-301W has two 10GbE ports for flexible LAN/WAN deployment.

Better coverage and faster Wi-Fi 6 connectivity

The QHora-301W supports Wi-Fi 6 dual-band 802.11ax (2.4GHz & 5GHz) - 1.38x transfer than Wi-Fi 5.

Subscription-free SD-WAN for multi-site VPN

SD-WAN is not just for high-end enterprises. The QHora-301W includes QNAP’s QuWAN solution to simplify remote VPN connections across multiple locations.

Optimized hardware performance for efficient wired and wireless networking

The QHora-301W pairs an enterprise-grade Qualcomm Quad-core 2.2 GHz processor with 1GB RAM, providing support for Wi-Fi 6 (802.11ax) and up to 3600Mb/s dual-band (2.4GHz & 5GHz) transfer speeds. With two 10GbE ports and four Gigabit ports, the QHora-301W enables flexible LAN/WAN deployment and optimized wired network performance.

Built-in antennas for high-coverage Wi-Fi signals

With eight antennas, the QHora-301W provides the perfect wireless pattern view and supports Wi-Fi 6 for high-coverage Wi-Fi signals.

Quiet and cool operations

The QHora-301W features a fanless design for near-silent operations. Even when connected to multiple devices, the QHora-301W maintains dependable performance for offices and homes.

VESA-mount design for flexible deployment

With a modern appearance and fanless design, the QHora-301W fits perfectly alongside other devices in modern digital homes and offices. The QHora-301W can be installed anywhere, from desk tops to walls, ceilings and under tables with VESA mounting, for efficient space utilization.
