The Softest Place Your Wrists Can Rest™! The PlushTouch mouse mat wrist rest allows personalised comfort as the wrist rest has the ability to conform to your wrist, which helps relieve pressure and fatigue whilst using your mouse, whilst also providing superior comfort. To prevent the growth of harmful bacteria on your office desk or in your home, this mousepad also features built in microban protection which assists in keeping your mouse mat cleaner fir the lifetime of the product. To prevent frustration in the workplace or at home, we have incorporated a non-skid rubber backing to the mouse pad which keeps wrist rest in place and prevents it from slipping around. Fellowes understand that bad working habits cause many of us physical health problems and fatigue. By using this knowledge we have created a comprehensive range of ergonomic solutions like this innovatively designed mouse mat, that help you enjoy a more comfortable and productive workspace.
